INTERSCHOLASTIC MEET TO DRAW THOUSANDS TO CAMERON

COMMITTEE VOTES TO RAISE FUNDS FOR STOCK PREMIUMS AT THE FAIR

INTERSCHOLASTIC MEET MARCH 30-31 TO BRING HUNDREDS

THE UNIVERSITY INTERSCHOLASTIC LEAGUE OF MILAM MEETS MARCH 30-31.

(BY L. VAN PERKINS)

These two days, March 30 and 31, should be the biggest days of the year for the schools of Milam county. Not only should these days be the biggest for the schools but for the entire county.

Many of us do not know just what the University Interscholastic League is and for what purpose it was organized and put into operation.

In 1910 at the State Teachers' meeting at Abilene the University Interscholastic League was organized. During the first year its activities were confined to debates among a few of the larger high schools of the state. The importance of such an organization among the schools of Texas was soon realized; consequently it began to grow very rapidly. We may now look back over these thirteen years of this organization's life and sum up its growth. In 1910 it began with 28 school members, confining its work only to debates; now in 1923 there are about 5000 member schools and the following activities are supervised: Foot ball, base ball, basket ball, track, tennis, volley ball, debating, declamation, spelling, essay writing, music, memory contests, plain writing contests, and many other athletic and literary events that are of interest to every good student.

This League is the most highly organized and has the largest membership of any similar organization in the United States. Its purpose is to organize and direct school activities, and thereby assist in preparing pupils for citizenship. The organization should have the co-operation of every citizen of Milam county and every school, no matter how small, should become an active member.

First, to make our meet a big day for the schools of this county we must send in our membership fees to the office at Austin or to any of your county executive officers. Many schools in Milam county have not paid their fees, but we are planning a big meet and hoping that we will have a hundred per cent membership in attendance.

The membership fees as follows:

1. Common schools with less than 100 enrollment the preceding year shall pay $1.00 membership fee; common schools with 100 or more the preceding year shall pay $2.00.

2. Class B schools in independent districts shall pay $5 and class A schools in independent districts shall pay $8.

Plans for the big meet are well under way, and we expect a big per cent of the citizenship of this county to be on hand March 30 and 31.

All the schools are now working and planning for these two days, and the citizens of Cameron are planning lots of entertainment and fun for all.

BILL BOOSTER SAYS

I LIKE KIDS! THE LITTLE FOLKS WE SEE GOING TO SCHOOL WILL BE RUNNING OUR TOWN IN A FEW YEARS! OUR SCHOOLS AND TEACHERS HAVE AN ENORMOUS RESPONSIBILITY AND WE SHOULD SHOW AN INTEREST IN THEIR WORK AND GIVE THEM OUR SUPPORT! YES,SIR!
CHARLES SUGHROE

$33,000 ROAD BONDS SOLD FOR COUNTY IN DALLAS MARKET

ROAD DISTRICT NO. 33 TO GET IMPROVED PIKES FROM SALE OF ISSUE.

The county has sold road bonds for district No. 33 in the amount of $33,000 to the Municipal Bond and Mortgage Company of Dallas, according to announcement made today by Judge Jeff T. Kemp who has been active in finding a market for and placing these bonds to advantage.

The bonds were sold at $97.30 or at a discount of only $2.70. It will be necessary to raise a small deficit in order that these bonds be sold for par an accrued interest as provided by law. This deficit will amount to $764.00 or $27.00 per thousand. In the past it has been customary to make up the deficit in bond sales by subscription and the city has never failed the county in making dospition of all deficits.

The district for which these bonds have been sold is in the western part of the county and takes in that section of country west of Buckholts and near the line approaching the city of Rogers.

These are the only bonds remaining to be disposed of except the Davilla road bonds which county auditor Giles L. Avriett says will be sold to good advantage within a short time.

ATHLETIC ASSOCIATION FORMED; TO SELL STOCK TO PROMOTE CLUB HERE.

Organization of the Cameron Athletic Association to be incorporated for $5000 with shares to sell at $100 each was authorized at a meeting of the base ball fans at the court house Wednesday night.

The following directors were named: A. N. Green, H. H. Stedman, Wm. R. Rogers, F. E. Jackson, W. O. Triggs, Dr. Tom Denson, Alex Triggs, E. A. Smith, Moulton Cobb.

The plan is to promote athletics. The corporation will purchase ground and improve it for an athletic field.

Treated water Bateria per cc 48, Colon B. ..... No

ELDERLY WOMAN IS SHOT AND KILLED

ASSAILANT THEN TURNS GUN ON HIMSELF AND TAKES OWN LIFE.

Giddings, Texas, March 13.—Mrs. J. Andrew Moerbe, about 63 years old, a widow, living at Lincoln, near here, was shot and killed this afternoon. William Kirchoff, about 60 years old, is said to have shot himself, dying several hours later. A rifle was used in the shooting of Mrs. Morebe.

Mrs. Morebe lived with a small niece, who was at school during the time of the tragedy. It is said she surprised the man who did the shooting in the act of taking money from a room in her home. The shooting followed. Kirchoff died of a wound from a small rifle.

Kirchoff had worked about the Moerbe place for several months, living in a house to himself. He had no known relatives.

Kirckoff was still alive when Sheriff Carlisle reached the scene, but never regained consciousness.

An inquest was held by Justice Zimmerman.

WEATHER REPORT

Cold wave is moving eastward over the Rocky Mountains, temperature from 22 to 28 degrees.

Snowing today, Thursday in New Mexico, Kansas, Iowa and Illinois.

Raining in Louisiana and Alabama today.

East Texas (Cameron) showery weather, colder tonight, Thursday, Friday, much colder, cold wave in the southwest portion.

Holman Woody, a popular Knight of the Grip, is visiting in Cameron.

Effort To Retire Denson From Board Is Climax To Row Over Superintendent

Feeling rising from conflict of interests over the selection of a Superintendent for the Cameron schools, is charged as responsible for an effort made Wednesday to retire Dr. John L. Denson from the school Board.

Following receipt of a communication addressed to the Mayor and Council an effort was instituted to hold a call meeting of the council. The communication was delivered to W. O. Triggs who secured the signatures of O. M. Smith and George T. Graves as aldermen to the petition for a call meeting and Mayor White then called the meeting.

Dr. J. L. Denson was present in response to invitation from Mayor White who appointed Dr. Denson to the board. The question raised by Mr. Triggs and others was that Dr. Denson is serving illegally because second cousin to the doctor is teaching.

Dr. Denson charged that his attitude as to the selection of a superintendent was known therefore the agitation is brought about by influences who "want to get their man in." In this statement Dr. Denson has the concurrence of some members of the council.

It is known that the school board stands four against and three for R. D. Brewer for superintendent, and it is charged that the question as to the legality of Dr. Denson's service on the board has not been questioned until this time. It is further charged that a meeting of the school board is scheduled for Friday night and that it was planned to disqualify Dr. Denson in order that it would not be necessary to have the chair untie the vote, in the event a vote was taken.

Dr. Denson declared the board is not ready to select a superintendent.

On motion of George T. Graves and seconded by Henry M. Hefley the matter was referred to Paul Webb, city attorney, to report back at meeting next Tuesday.

General regret is expressed that this question has risen under these circumstances for the reason that it means an unwarranted interference on the part of the council with the activities of the board and divides the people. Dr. Denson will not resign and will ask that a full hearing be had.

BAYLOR CLUB WILL SING IN CAMERON

CHORAL CLUB TO BE AT BAPTIST CHURCH SUNDAY MORNING MARCH 24

The Baylor College Choral Club will be in Cameron for two engagements Saturday and Sunday March 4 and 25.

The club will sing at the Baptist church at the Sunday morning hour and Dr. J. C. Hardy, president of Baylor College, will speak.

On Saturday night the Choral Club will fill an engagement at the auditorium of the Yoe High school. Miss Louise Adams is a member of the Club.

The following is taken from the Beaumont Enterprise:

Featured with a large attendance at today's weekly luncheon, the Lions Club of Beaumont dispensed with business and turned their meeting over to the Baylor College Choral Club. The Lions opened their session with the singing of "America," after which Dr. A. E. Booth introduced the Baylor visitors to the membership, and as each name was called there was an enthusiastic handelapping. The Choral Club entertained with a brief talk by its directress, Mrs. Allie Coleman Pierce, who presented to the Lions Miss Mabel Moore. Miss Moore gave two readings, "Why Adam Sinned," and "She Powdered Her Nose." Miss Moore was warmly applauded.

The directress then presented Miss Lois McCall as the "littliest" member of the Club. Miss McCall delighted lovers of music as she took her violin and rendered several popular waltzes. The Choral Club as a whole was then put in action by the directress, and it sang a number of popular songs. As each number was rendered the Lions applauded them heartily.

Concluding the Club's luncheon program, the directress, Mrs. Pierce, entertained the Lions in song and at the piano and she responded to two encores.

Dr. Booth, in presenting the Choral Club to Beaumont Lions, praised the organization and the work of Baylor College, and invited the entire membership and luncheon to the First Baptist church tonight when the Club gives its scheduled program there. A number of tickets were sold at the luncheon after the finish of the program.

Miss Lois Pipkin, Baylor's alumni secretary, was also introduced to the club and she made a little speech of a few minutes and charmed the Lions with a graciousness of manner that drew the warmest response. There were a great number of visitors to the club's luncheon today, many of the members bringing their wives.

WATER SYSTEM IS DISCUSSED BY PUPIL

NEW PLANT VISITED AND DESCRIBED BY PUPILS OF THE GRAMMAR SCHOOL.

We, Miss Anna Louis, fifth grade, took a trip to the reservior last Friday. Mr. Lawrence went with us and explained how the water for Cameron is purified. It was all very interesting to us because we had been studying "water" in our health lessons and seeing how it was done made it as much clearer to us as the process did the water.

First, Mr. Lawrence drew a little plan on the ground to show us how the pipes brought the water from the river to the standpipe and the reservoir where the mud and bacteria are removed. Next he took us to the little alum house. There we saw the little cog-wheels which takes in the alum from the funnel-shaped holder and mixes it with the water. The alum is put in the water to gather all the mud together. It combines with the mud and sinks to the bottom. After that process the water runs over a fall in a separate part of the tank where the air takes out any odors that are in it. The water is then put in the first basin to settle. From there it runs into the second one and then to the third. As the water leaves the third basin chlorine is mixed with it to kill the bacteria. Four and four-tenths pounds of chlorine are used to every million gallons of water. The chlorine we use comes from Niagra Falls. It is made up of table salt mostly.

The engine in the chlorine room pumps 630 gallons of water every minute.

After being rid of the mud and bacteria the water goes into the standpipe, and is distributed all over the city.

Mr. Lawrence told us that the people use four hundred thousand gallongs of water a day. Therefore, the standpipe has to be filled nearly three times each day to fulfill the wants of the city.

A. PUPIL.

Believe Cameron Men Are Killed In An Auto Wreck

Durant, Oklahoma, March 13.—Earl Ladd, 23 and Glenn Demming, 25, both of Cameron, Texas, were probably mortally injured when a northbound train struck the auto in which they were riding this afternoon. A line of box cars obstructed the view from the approaching train. The car was caught on the cowcatcher and dragged 50 yards.

The auto was completely demolished. Both are in a local hospital near death.

CATTLE DIPPING IN COUNTY MEETING WITH SUCCESS

MARCH 5 SEES WORK RESUMED IN ALL VAT SECTIONS OF THE COUNTY.

Resumption of cattle dipping in Milam county was begun on March 5 and according to announcement of Raymond Beard, inspector in charge good progress has been made to date, considering the condition of the cattle.

Mr. Beard says that the movement of cattle to the vats is larger than at any time since the work began. This is attributed to the activity of stockmen who are behind the movement to clean up the county.

At a meeting held in Cameron on Monday March 5 the cattlemen assigned assistants in every vat precinct and have undertaken to bear expenses of filling and preparing the vat where the stockmen themselves will not perform this duty free as a co-operative effort. All expense incurred in this way will be paid by the association.

The association through Secretary George Graves and Mr. Beard are today mailing out notices assigning the assistants in each of the vat precincts.

It is generally conceeded here that unless progress is made in dipping cattle the court will not continue funds and in this they would have support of the people, for unless the stockmen co-operate no amount of money can accomplish the clean up. The work continued until July will be a sufficient test of the disposition on the part of livestock owners to co-operate in this work.

HIGHWAY REPORT.

All highways are open in the Southern states but very rough in spots, and with the showery weather, it is not advisable to make any extended trips.

Road to Houston via Hearne is passable, but somewhat rough between Hearne and Benchley, and Courtney and Hempstead.

Road into San Antonio is passable via Tracy, Davilla, Bartlett, Taylor, but rough between Davilla and Bartlett, and Hutto and Pflugerville. Also a short stretch between Buda and Kyle.

Road to Waco via Rosebud and Lott is in a fair to good shape. For any road information call up Parma, phone 104.

NEFF DECLINES TO WITHDRAW HIS CALL

TELLS LEGISLATORS MATTER OF ADJOURNMENT IS UP TO THEM.

Austin, Texas March 13.—Governor Neff in a message today declined to withdraw his proclamation calling the special session for next Thursday and leaves the responisibility of adjourning entirely with the Legislature.

He advised that if the session should adjourn he would call a special session some time between the middle of April and June 1.

It now is up to the House and Senate whether the Legislature shall adjourn sine die when it meets Thursday morning.

Some members say sine die adjournment is sure to come this week, while others express doubt about it, though not positively asserting that the session will continue. A caucus of members between now and Thursday to decide what program will be followed is being discussed. One branch can not adjourn longer than three days without the consent of the other.

Talk of recess while the committees work on the appropriation bills continues.

The Governor's message follows:

"I am just in receipt of Senate concurrent resolution No. 23, asking me, for reasons therein stated, to reconsider and change my call for a special session of the Legislature to convene Thursday morning of this week.

"Replying, desire to say that, some ten days ago, when you adopted your sine die resolution to adjourn March 14, I definitely decided at that time that the Legislature should be reconvened at once to pass adequate revenue measures and make necessary appropriations. In keeping with that decision on last Saturday I issued my call and sent it thus early to your honorable bodies, in orer that you, as interested parties, might have sufficient time to arrange your affairs, both private and public, accordingly.

"It was my judgment then, and it is my judgment now, that the Legislature should reconvene Thursday morning, to do the work committed into its hands by the Constitution of the State. In making this statement, however, I recognize the fact that the legislative and executive departments are separate and each is entitled, in matters of this kind, to its individual views and that each department should receive and accept without undue criticism the official acts of the other. When your honorable bodies adopted your resolution to adjourn March 14, you exercised your best judgment. When I reconvened you for the next day, I used my best judgment. I am still of the same opinion, and, therefore, I shall let my call for the special session stand as it is.

"If, however, the House and Senate deem it not wise or expedient, for known and satisfactory reasons to them, to have the special session at this time, I shall happily and cooperatively accept your verdict as to a special session as final.

"In the event you see fit to adjourn, desire to say, for your information, I shall reconvene the Legislature in special session in keeping, as near as possible, with your wish, on some day between the middle of April and June 1."

WOULD RAISE $2,500 TO PAY PREMIUMS AT STOCK SHOW

COMMITTEE VOTES TO SUPPORT FOURTH ANNUAL COUNTY SHOW HERE.

A proposal to raise $2,500 to defray premium awards at the Fourth Annual Milam County Livestock and Foultry Show in September of this year was voted at a meeting of the Commercial Club Committee Tuesday night.

The meeting held in the directors room of the First National Bank was attended by W. M. Cobb, chairman; T. S. Henderson, H. M. Hefley, Geo. T. Graves, Roy Griffith, Walter F. Sharpe, John E. Mangum and J. B. White.

It had been thought by some of the committeemen that an effort would be made to formulate a stock plan and purchase a sight and lay out a modern fair platt for the city but this plan was discouraged at this time because belived to be impractical.

With a subscription of $2,500 it is believed a schedule of prizes of attractive denimination can be provided to meet all needs of local exhibitors. It is not possible under this program, however, to bring in outside competitors and to make the winning of prizes worth while to exhibitors.

The committee will make its report through Mr. Cobb at the coming Friday night session of the Commercial Club.

COMPLETION OF HIGHWAY ROCKDALE TO WACO ASSURED

Rockdale, Milam county, Texas, March 13.—With recent Falls county issues for road bonds ratified the completion of the "Sap" highway is assured all the way through from Waco. Rosebud has an issue of $100,000, with State and Federal aid $100,000; Lott issue of $60,000, with State and Federal aid of $60,000; Chilton issue of $30,000, with State and Federal aid of $30,000, this latter being in addition to the $150,000 already voted in that district for roads. The completion of those links will complete the Sap highway to the Lee county line. Lee county has not yet voted bonds, but the subject is being agitated in that county.

CRACKLINGS

Believe It or Not

Civilization never advances with taut purse strings.

Day by day in every way it is getting hotter and hotter. Apologies.

YOKE OF INTOLERANCE.

No legislator, no reformer, no zealour moralist, will admit that he is intolerant. Yet there is intolerance in this country; intolerance practiced by good and earnest men and women who sincerely believe that what they think is wrong is wrong because they think so, and who, therefore, feel called upon to make the rest of the country believe as they do.

An earnest group in Massachusetts is trying to pass a law making any Sunday activity illegal, whether it be bread selling or checker playing. Utah is jailing men who smoke cigarettes in public. Kansas has long had an anti-cigarette selling law, and now is discussing whether it isn't a crime even to own a cigarette. The New York Assembly is considering a bill to supervise dancing in hotels, and has a civic league which wants legal sanction for certain holds in dancing, with all others made offenses against the law. Kentucky tried to abolish evolution, but was saved by some commonsense legislators, and Texas is working out the mighty problem of whether one scientific doctrine may be taught in the public school and another excluded. A bill has passed the South Carolina House of Representatives prohibiting the playing of pool or billiards at any place at any time. The question of moving picture censorship we have always with us.

Doubtless all this is harmless enough; the "blue law" makes little headway against the hard commonsense of the United States as a whole. Yet the same spirit of intolerance which declares, because one man finds rolling ivory balls over a green cloth a crime, therefore other men should be made to hold the same views, could easily consider that striking a white ball over a net is a crime, or batting a base ball over a grass lot is a crime. The spirit of intolerance, like a fire can spread rapidly from small beginnings, and also like a fire, its effects are wholly destructive when unconfined.

It may be wise to remember that this country was founded because the inhabitants could not stand intolerance of those who, abroad, legislated for the colonies; that certain Pilgrims carved New England from the wilderness because they could not stand the intolerance of religious persecution!

FOR BETTER SCHOOLS.

While economic conditions necessarily control in a large measure the action of communities in providing for civic and educational needs, it is apparent that Cameron must anticipate an early adjustment of conditions and unite for a bond issue for better schools.

The school board tells us that conditions in the schools here are not conducive to obtain the best results in teaching, nor health and comfort of the children, and without any additional reason why some action should be taken to relieve this condition, the Herald opens the fight for better schools in Cameron.

But there are other reasons why Cameron should have better schools. With the present inadaquate capacity of the gramar grade school, the congested play grounds, inadequate heating and lighting system, sanitation and convenient appointments generally, it is apparent that unless these conditions are corrected by a building program such as could be authorized by a bond issue the schools will suffer reaction in attendance and the cause of education stifled.

Chief among the school needs at this time exists with respect to the condition surrounding the negro school and the Mexican school. In the case of the negro schools we find these people inadaquately housed with no modern appointments about the schools; the buildings poorly lighted and with no comforts as to heating or ventilation; no sanitation; little or no equipment and many other as good reasons why something should be done at once to bring about better facilities for these people.

The negro must look to the white race for his advencement and the very foundation of his persistence as a race depends upon the facilities placed in his hands for education and elightenment. The race has shown its adaption to modern development and its progress has been comensurate with opportunities at hand. Therefore it is highly important that steps be taken here to place at the disposal of the negro population the best possible modern conveniences surrounding his house of learning.

It is manifestly important that when a building program is undertaken that only the best construction should be acceptable, that is to say, build for these people a modern brick or concrete structure both as a tribute to his worthiness and as an investment economy.

In the case of the Mexican school we find as intolorable conditions as in the case of the negro schools, but less requirements because of preponderance of population in favor of the latter. Steps should be undertaken at once to provide not only a suitable location for the Mexican school but give it modern conveniences such as are necessary to accomplish the best results in education.

In the case of the grammar school, it is no longer a matter to debate or question. The city is face to face with a serious situation in this school, an assertion abundantly verified by a recent published communication from two members of the school board as follows:

"In the last week's issue of your paper, there appeared an article by Mr. Batte, in which he suggests that steps be taken at once, by the School Board, to provide suitable buildings for our schools.

We wish to inform Mr. Batte that it is the intention of the entire Board to put on a campaign, as soon as practical, for a bond issue, sufficiently large to rebuild, or remodel the Junior High School, the Mexican School, and the Negro School. While no official action has been taken by the Board, there has been for more than a year, a general understanding that, when financial conditions improved, the Board would ask for bond issue.

An examination into the conditions of any of our school buildings will convince any one that it is urgent that something be done. Some of the rooms are so dark that the children have to study under electric lights all day long; while others have too much direct light. The result is that 75 per cent of our children have defective vision, according to reports from the health survey recently made in the schools. The plumbing is a serious problem, and the heating as bad.

We are replying to Mr. Batte through the press, because we feel that it is our duty, as trustees of the schools, to give this information to the voters, in as much as this must be taken into consideration when they vote in the coming street bond election.

MRS. GRAHAM GILLIS.
MRS. W. O. TRIGGS."

Civilization never advances with taut purse strings. Lets build better schools.

ELIMINATION HELD AT COLORED SCHOOL

PREPARE FOR INTERSCHOLASTIC MEETING AT ROCKDALE MARCH 16.

The elimination contest at the Assembly Hall last Friday night was well attended.

Of the four girls competing for honor to represent school at League meet March 16, Rockdale, Texas, Miss Ester Coleman was the winner. The judges were, Mesdames Ethel Fullylove, L. I. Montgomery, R. E. Hall, Miss Willie Mae Anderson and Mrs. E. L. Hardeman.

All competitors did well. There were two young men competing for Senior declamatory honors viz. Charley Woods and Homer Lee Avery. Charley Woods was given the honor.

Junior girls declamatory honor was won by Elizabeth Brown.

Judges above mentioned rendered decision in the three contests.

The senior contest in spelling was won by Miss Creola Walker.

Junior contest in spelling was won by Miss Floyvashti Coleman and sub-junior spelling won by Roy Lee Allen.

The judges for the spelling contest were, Prof. F. W. Robinson, Mesdames C. C. Kelly and Callie Harmon.

Judges of music contest: Mesdames Mamie Harmon, Mary Stephens, L. M. Sewell, Miss G. H. Sweeney and S. Stephens.

The following are the selected races: Elephant race, Edmond Benjamin and Milton Davis; potato race, Eliza Davis, Arcratic Pratt, pole vaulting, Kermitt Bowens.

The school has both basket and base ball teams with some real varsity players. The boys base ball team is preparing to go to Calvert soon.

Some time should be given to Athletics, because lessons of honesty and trutfulness may be taught the one good lesson, viz: to be good boys and girls. Athletics also teach loosers. The limit of interest and time in athletics, however, should be regarded.

CONFEDERATE VETERANS TO HEAR BAR MEMBERS.

At the meeting Saturday of Confederate Veterans addresses will be made by members of the Cameron bar eulogising veterans of the war.

Mrs. E. A. Flinn who has been with her husband in Dallas for several weeks has returned home.

Subscribe for the Herald, $1.00.

MR. SID HAUSE DIED.

The death of Mr. Sid Hause which occured at Milano Wednesday morning at 8 o'clock, cast a gloom over many friends throughout Milam county.

Mrs. Hause was well and favorably known in Cameron, having lived in and near here many years. Deceased was twice married; his present wife was Miss Lizzie James before her marriage to Mr. Hause. He was a member of the Baptist church many years and had lived a Christian life from early boyhood.

Funeral services were conducted by Rev. Russell White, Baptist minister, at Oak Hill Cemetery at 3 p. m. today (Thursday.) He leaves a wife and five children. Mrs. J. D. Link, John Hause, Eugene Hause, Ed. Hause of Port Arthur, and Willie Lee Hause of Batton Rouge, La., eight grandchildren and four great grandchildren, and an only sister, Mrs. Tom Randolph of our city, to mourn his loss.

MAYSFIELD NEWS.

The wind blew very hard Saturday night and Sunday and it was very disagreeable.

Thelma Ruth, the daughter of Mr. and Mrs. John Thweatt is seriously sick with whooping cough.

Charlie Wilkerson was visiting in Branchville the week end.

Teddy White of Maysfield was a Cameron visitor Saturday.

E. S. Sansom preached a very interesting sermon Sunday morning but not many were there on account of the unsettled weather.

Little Sammy Sansom is sick, but me hope that he will soon recover.

Several of the Sharp citizens were visiting in our community Sunday inspecting our new school building expecting to build one like it.

J. W. Roark was visiting in Maysfield Sunday and Sunday night.

Miss Kathleen Ireland and Elbert Hollingsworth went riding Sunday afternoon.

Mrs. Isabell is visiting her sister whose baby is very ill.

Miss Edna Lee Bell celebrated her 13th birthday Saturday afternoon. Mr. Robinett and Mrs. Roark visited in Rockdale Sunday.

Miss Naomi Pardo spent the week end with her homefolks.

There was a party at Miss Myrtle Tyson's Friday night and every one reported a good time.

Mr. and Mrs. J. A. Baldridge and little daughter Doris and Lois, spent Saturday night in Cameron with Mrs. Baldridge's grand parents, Mr. and Mrs. M. W. Mitchell.

Miss Grace King and Miss Mabel Tyson, spent Saturday night with Mrs. Plees Creekmore of Calvert.

There is going to be a play at the School house Friday night March 16. "The Romance of Phillis." Every one come. Admission 15 and 25 cents very reasonable prices. We want every one to come.

Mr. and Mrs. McGuire and children went to Cameron Saturday on business.

SUNSHINE.

666

quickly relieves Colds and LaGrippe, Constipation, Bilous ness and Headaches. 30-15t

The Quinine That Does Not Affect The Head

Because of its tonic and laxative effect, LAXATIVE BROMO QUININE (Tablets) can be taken by anyone without causing nervousness or ringing in the head. E.W.GROVE'S signature on box. 30c.

Ouch! Aching Joints, Rub Rheumatic Pain

Rub Pain right out with small trial bottle of old "St. Jacobs Oil."

Rheumatism is "pain" only.

Not one case in fifty requires internal treatment. Stop drugging! Rub soothing, penetrating, "St. Jacobs Oil" right into your sore, stiff, aching joints, and relief comes instantly. "St. Jacobs Oil" is a harmless rheumatism liniment which never disappoints and cannot burn the skin.

Limber up! Quit complaining! Get a small trial bottle of old, honest "St. Jacobs Oil" at any drug store, and in just a moment you'll be free from rheumatic pain, soreness and stiffness. Don't suffer! Relief awaits you. "St. Jacobs Oil" is just as good for sciatica, neuralgia, lumbago, backache, sprains.

A TONIC

Grove's Tasteless chill Tonic restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

Grove's Tasteless chill Tonic is simply Iron and Quinine suspended in syrup. So pleasant even children like it. The blood needs QUININE to Purify it and IRON to Enrich it. Destroys Malarial germs and Grip germs by its Strengthening, Invigorating Effect. 60c.

BAPTIST CHURCH.

Rev. R. C. White, pastor of the Baptist church, has recovered from a severe spell of illness and will preach at the church Sunday. The Sunday morning subject is: "Does God Answer Prayer." Sunday evening service: "Children Brought to the Church, not the Font."

666

Cures Malaria, Chills and Fever Dengue or Bilious Fever.

SAYS RED PEPPER HEAT STOPS PAIN IN FEW MINUTES

Rheumatism, lumbago, neuritis, backache, stiff neck, sore muscles, strains, sprains, aching joints. When you are suffering so you can hardly get around, just try Red Pepper Rub.

Nothing has such concentrated, penetrating heat as red peppers, and when heat penetrates right down into pain and congestion relief comes at once.

Just as soon as you apply Red Pepper Rub you feel the tingling heat. In three minutes the sore spot is warmed through and through and the torture is gone.

Rowles Red Pepper Rub, made from red peppers, costs little at any drug store. Get a jar at once. Be sure to get the genuine, with the name Rowles on every package

TIED FREIGHTENED MARE CHILD'S NECK IS BROKEN

FLUNG HIGH IN AIR AS ANIMAL HURDLES

LITTLE LAVINIA ALFORD IS KILLED WHILE PLAYING NEAR ROCKDALE.

Rockdale, Texas, March 10.—Tied to the tail of a gentle old mare, Lavinia, 7-year old daughter of Tom Alford of the Hicks community, was dragged to death late Friday afternoon, her neck being broken as the old mare jumped a pasture fence. The body was dragged several hundred yards.

The child, with some other children was playing in the pasture where the mare was grazing and it was proposed that Lavinia be tied by her ankle to the mare's tail. The children then began to climb over and play with the mare as they had been in the habit of doing.

Lavinia told them to go faster as she could keep up. The girl then tripped and fell, this frightened the mare and she jumped and began running, valuting the fence, with the body flung high in air as the leap was made.

BUREAU ASSOCIATION SHIPPERS GET CHECK FOR $2,511,034.99.

Dallas, March 12.—Checks for $2,511,034.99 were mailed out March 7 to farmers who shipped cotton this season to the Texas Farm Bureau Cotton Association, according to an announcement by Mr. Jahn T. orr, president of the Association. This is the third distribution made this season to members. Final settlement is yet to be made.

"This large sum, which goes to the producers of Texas' wealth at a time they need it for farm operation purposes, is like a transfusion of financial blood in the artries of business in this state," Mr. Orr points out. "Multiplying this amount by eight for the other states which have co-operative marketing associations we get $20,000,000. This huge sum should appeal particularly to business men who manufacture and sell goods for farm consumption as it represents wealth which is added to the South by co-orepative marketing. It is money received from the orderly merchandizing of cotton of our members who are receiving substantial benefits over the farmers who were forced to dump their cotton on a glutted market.

"The associations merchandize cotton in an orderly fashion as a demand is created. This method has a stabilizing effect on the price. Farmers and business men with whom these farmers deal, reap the benefits because money distributed among the producers gets a much wider diffusion than it does when it is pocketed by a few sperulations."

Do you tire easily? Underweight? You need Ironized Yeast, the concentrated extract of brewer's yeast in union with iron. Builds firm flesh and rich blood. Recommended and guaranteed by Jackson & Reed Drug Company. (H)

NATION'S FUTURE RESTS IN HANDS OF FREEMASONS

PRESERVATION OF HIGH IDEALS LIES WITH FRATERNITY, SAYS THOMAS R. MARSHALL.

Providence, R. I.—"It rests with the Masons of this country—the right thinking, right living, conscientious safe alongshrdlucmfwyppuuu tious Masons—if this country is to continue safe along the line of high ideals upon which it was founded by those stalwart pioneers of American history," said former Vice President Thomas R. Marshall in an address at the 121th annual communication of Mt. Vernon lodge here. Continuing, Mr. Marshall said in part:

"One of the greatest lessons to be learned by the Freemasons of this country is to be to live their daily lives as to emulate the principles and ideals which furnish the landmarks of this great fraternity.

"There are two great principles upon which the future of this country depends: education and organized self-control. There is no room in America for classes or for special privileges. If I could have my way I would kick every special privilege off the statute books. No man or set of men have any right to ask anything of this government except as an American citizen. When they make demands because they are some hyphenated American it is time to turn them about face and give them to understand what this country stands for and just how far they can go.

"We must recognize one thing. This government is not being run by the people, but by the few, and this must, of necessity, be so. The business of the people is not to interest themselves with their running it, but it is their business to take a keen interest in the selection of the few men who are to run things.

"We hear a great deal about free speech and free press. I believe that this is an inalienable right under our Constitution and should be granted to everyone.

"There can be dual allegiance to the American Republic and any country across the water. But you can't get rid of this thing by merely talking. It can only be brought about by education, organized self-control and a constant, consistent living up to the ideals and teachings of Freemasonry and to inculeate the true principles laid down by Washington and his confreres, preserved by Lincoln and revered by hundreds of other true Americans."

Grand Master Norris G. Abbott, of Rhode Island, addressed the assembly, and others on the program included Rev. Edward Holyoke and Guy A. Ham, the former speaking on "The Human Element," and the latter on the "The Builders."

Do you hop out o'bed these mornings, glad to see another day and full of pep for the coming work? That's the kind of glowing health the use of Ironized Yeast will give yoh. Get it on Jackson & Read Drug Company's guarantee or money back if you're not satisfied.

Waco Commercial College

P. H. Burney, President.
Expert Commercial Stenographer
Bookkeeper and Teacher.

Horace Pickett, Secretary
Public Auditor, Expert Accountant.
Endorsed by our Higher Courts.

We daily hear business men say, College graduates can not keep books.

WE GUARANTEE OUR GRADUATES CAN KEEP ANY SET OF BOOKS—EITHER DOUBLE OR SINGLE ENTRY.

WHEN WE PLACE THEM, WE HOLD THEM IN PLACE.

Our Mr. Pickett has been for many years employed by Counties, Cities and many of the largest commercial houses in our State, as Auditor, Adjuster, and Expert Accountant.

WE GUARANTEE quick results in Shorthand, in the easiest, fastest, oldest, most practical, and BEST SYSTEM IN THE WORLD—THE PITMAN.

WHO SAYS THAT?

U. S. Government report shows 1,883 PITMAN writers in the Government employ in Washington. 561 writers of all other systems combined. Which means that over 75 per cent write the PITMAN system. 91 per cent of all Reporters in U. S. write Pitman. All official Reporters of both Houses of Congress write PITMAN. Ninety eight per cent of all official reporters in N. Y. State write PITMAN. Proved by official figures of records of National and State Reporters Shorthand Association. Graham, Barnes, Munson, Dement and thirty-seven others are pure PITMAN.

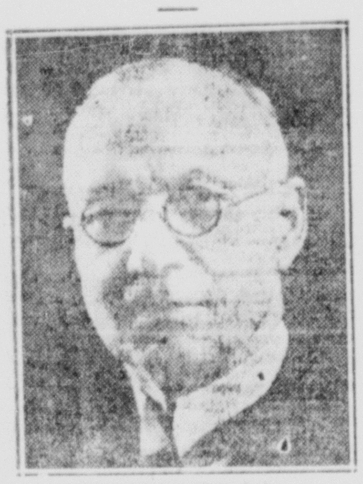
We do not turn our students over to Subs. We give them our personal attention and TEACH THEM.

BAPTISTS COLLECT $38,918,000 CASH

Growth of Denominational Activities In Every Direction Is Indicated as Result of Forward Program

LARGE ADVANCES ARE MADE

REPORT ON CONTRIBUTIONS TO 75 MILLION CAMPAIGN ISSUED BY HEADQUARTERS OFFICE



DR. EVERETT GILL
European Representative Baptist Foreign Mission Board.

Up to January 1, 1923, Southern Baptists had paid in cash on the 75 Million Campaign, their five-year program for the advancement of the general missionary, educational and benevolent activities of the denomination the sum of $38,918,191.10, according to a report issued by the general headquarters office.

These contributions have come from the various states and other sources as follows: Alabama, $1,653,739.40; Arkansas, $1,165,153.35; District of Columbia, $143,564.70; Florida, $609,016.02; Georgia, $3,669,516.70; Illinois, $320,482.95; Kentucky, $4,122,039.78; Louisiana, $1,035,640.23; Maryland, $439,494.29; Mississippi, $1,591,011.34; Missouri, $1,537,067.49; New Mexico, $170,998.36; North Carolina, $3,365,330.21; Oklahoma, $1,052,438.20; South Carolina, $3,309,252.60; Tennessee, $2,340,766.77; Texas, $5,002,785.32; Virginia, $4,102,802.12. Special designated funds, Texas, $1,223,640.55; New Mexico, $403,072.68; Louisiana, $105,100; Illinois, $148,591.11; Tennessee, $192,852.25; Oklahoma, $59,000; received direct by Home Mission Board, $15,340; received from special sources by Foreign Mission Board, $86,103; contributed by native churches on foreign field and expended by them directly on their work there, $1,003,396.68.

Indicating something of the progress which the impetus of the Campaign has brought to various phases of denominational effort in the South, it is reported that during the three years of the Campaign period that have expired, Southern Baptists have had 150,000 more baptisms than they did for the three years immediately preceding the Campaign; organized 3,000 more new Sunday schools with 400,000 new pupils; enhanced the value of their local church property by $33,000,000; increased their contributions to local causes by $22,000,000; gave $18,938,862 more to missions and benevolences, and advanced their contributions to all causes by $43,480,490 during the three years of the Campaign over what they gave to all causes for the three years immediately preceding the Campaign.

Gains in Special Fields.

The Campaign has enabled the various state mission boards to greatly enlarge their programs of state and associational missions within their respective boundaries, it is pointed out; made it possible for the Home Mission Board to complete its $1,000,000 Church Building Loan Fund, extend its work among the foreigners, Indians and Negroes, administer 124,382 baptisms, secure 218,371 additions to the local churches, provide larger equipment for its system of 38 mountain mission schools, establish the Southern Baptist Tuberculosis Sanatorium, and greatly increase its work in other directions.

Some other gains in the homeland include the better equipment and maintenance of the more than 80 academies, colleges and seminaries other than the mountain schools; increasing the number of Baptist hospitals from 18 to 20, and providing better equipment and maintenance for all of them; increasing the number of Baptist hospitals from 12 to 20 and beginning the erection of three others, at the same time all the older ones have been better equipped; while the number of aged ministers helped has been doubled and the stipend given each has been greatly increased.

Mission Work Extended.

In the realm of foreign missions the Foreign Mission Board has been enabled to send out about 250 new missionaries, employ over 500 additional native workers, greatly increase the equipment in the way of church buildings, chapels, schools, hospitals, publishing houses and mission residences in the older fields of China, Japan, Africa, Italy, Brazil, Argentina, Paraguay, Uruguay, Chile and Mexico, and open up new work in Spain, Jugo-Slavia, Hungary, Roumania, Russia, Palestine and Siberia. In the territory now occupied by the Foreign Mission Board there is a total population of 900,000,000, or more than half the people of the world.

Due to the enlargement of the missionary program in Europe the board has been compelled to station a general representative there in the person of Dr. Everett Gill, who has general oversight of the work on the continent and maintains his headquarters at Lausanne, Switzerland.

FORMER SECRETARY OF STATE KILLED BY ELEVATOR

BODY OF HOUSTON LAWYER FOUND CRUSHED UNDER ELEVATOR BOX.

Houston, Texas, March 12.—C. D. Mims 62, prominent lawyer of Houston and secretary of state during Governor Hobby's administration, was found dead at 1:20 p. m. Sunday, his body crushed between the floor and the elevator in the Glidden building, 910 Capitol avenue.

The body was discovered by Carl Wallbutt, 310 Glidden building, when he went to use the elevator about 1:30 p. m., he told the police. In a statement to the corner, Wallbutt said that he had used the elevator at 12:45 p. m. and that no one was around at that time. He said that no sound of any kind was heard at the time Mr. Mims met his death.

It is believed, police said that Mr. Mims entered the elevator from the second floor and, when trying to close the door, either caught his arm in the cable on the side of the elevator or fainted. His body was found wedged between the elevator and the walls separating the second and third floors. Tenants of the building said they were allowed to operate the elevators on Sundays as no one was hired for that purpose. Police assisted by ambulance drivers of the Sid Westheimer Undertaking Co., worked for over an hour before they succeeded in extracting the body.

Mr. Mims is survived by two daughters, Ruth and Billie Burke, and two sons, Dick and Gordon, all of Austin. He was born in Tyler, Smith county, Texas, 62 years ago. After attending the local schools he entered law school. Receiving a degree, he practiced successively at Tyler, Beeville, Nacogdoches and Herkel. In early life he married Vallie Price of Nacogdoches, after which he moved to Merkel, Texas, where he practiced law successfully for many years.

Mr. Mims was appointed assistant secretary of state under Governor Ferguson. George Howard was at that time secretary. At the time of Governor Hobby's election he was appointed secretary. After the expiration of Governor Hobby's term he moved to Houston, where he was recognized as a prominent legal figure.

At the time of his death he was manager of the Glidden building, in which his office was located. Judge Campbell R. Overstreet held the inquest and returned a verdict of accidental death. The body is being held by the Sid Westheimer Undertaking company, pending word from relatives.

CONVENTION RESOLUTION KILLED BY SENATE.

Austin, Texas, March 10.—There will be no constitutional convention the Senate decided Saturday, refusing by a vote of 14 to 14 to adopt a favorable committee report on the Rountree concurrent resolution submitting a call for a covention to the people.

The Senate voted first on a motion to adopt the minority committee report, recommending that the resolution be not adopted. The vote was a tie, 13 to 13, when Senator Parr entered the chamber. He at first voted aye and then changed his vote to no, making the vote against the motion 13 to 14.

The favorable committee report, which was refused by a tie vote, offered a committee substitute for the original resolution.

Senator Woods of Navarro county, who brought up the Rountree resolution merely explained its provisions without urging its adoption. Senators Wirtz and Burkett opposed submitting a call. Burkett said there is no need for a new Constitution and Floyd said there is no demand on the part of the people for a convention.

Senator Dudley, presiding over the Senate, ruled that the tie vote on the motion to adopt the favorable committee report, had definitely killed the resolution.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the Blood on the Mucous Surfaces of the System. One Hundred Dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials.

Dr. MELLENTHIN
SPECIALIST
in Internal Medicine for the past twelve years
DOES NOT OPERATE
Will be at
AUDITORIUM HOTEL
Tuesday, March 27th
Office Hours—10 a. m. to 4 p. m.
ONE DAY ONLY
NO CHARGE FOR CONSULTATION

Dr. Mellenthin is a regular graduate in medicine and surgery and is licensed by the State of Texas.

He visits professionally the more important towns and cities and offers to all who call on this trip free consultation, except the expense of treatment when desired.

According to his method of treatment he does not operate for chronic appeddicitis, gall stones, ulcers of stomach, tonsils or adenoids.

He has to his credit wonderful results in diseases of the stomach, liver bowels, blood, skin, nerves, heart, kidney, bladdder, bed wetting, catarrh, weak lungs, rheumatism, sciatica, leg ulcers and rectal ailments.

If you have been ailing for any length of time and do not get any better, do not fail to call, as improper measures rather than disease are very often the cause of your long standing trouble.

Remember above date, that consultation on this trip will be free and that his treatment is different.

Married women must be accompanied by their husbands.

Address: 336 Boston Block Minneapolis, Minn.

"Everybody should learn to drive a car." This is especially true of those who now sit behind steering wheels.

13 REASONS ARE SUBMITTED FOR 13-CENT STAMP.

Washington, March 13.—Postmaster General Work is considering 13 reasons submitted by twice-thirteen students of Shepherd State Normal at Shepherdstown, W. Va., for reissuance of the 13-cent stamp of the 13-cent stamp, recently canceled.

The petition says that American history is bound up with the figure. Here are their reasons:

1. America was discovered on the eve of the 13th.
2. The United States originally consisted of 13 colonies.
3. The first official flag had 13 stripes and 13 stars.
4. The American eagle, national emblem has 13 letters, as does the national motto: "E Pluribus Unum."
5. The first Atlantic cable message was sent on the 13th.
6. The silver quarter has 13 stars; its eagle, bearing an olive branch with 13 leaves in one claw, has 13 thunderbolts in the other.
7. There are 13 letters in the name of John Paul Jones, naval hero.
8. There were 13 ships in the first American navy.
9. Perry's victory on Lake Erie was won on the 13th.
19. The Stars and Stripes were raised over Sumter on the 13th.
1. General Pershing reached France on June 13, 1917.
12. The 13th amendment abolished negro slavery.
13. It would not cost any more to make a 13-cent stamp than any other.

The students suggest several designs commemorating the 13 colonies upon the proposed stamp.

Postmaster General Work took Friday to think it over.

Drink Water to Help Wash Out Kidney Poison

If Your Back Hurts or Bladder Bothers You, Begin Taking Salts

When your kidneys hurt and your back feels sore don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salts which helps to remove the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of good water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys may then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help clean and stimulate clogged kidneys; also to neutralize the acids in the system so they are no longer a source of irritation, thus often relieving bladder weakness.

Jad Salts is inexpensive; can not injure; makes a delightful effervescent lithia-water drink, which everyone should take now and then to help keep their kidneys clean and active. Try this; also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache. By all means have your physician examine your kidneys at least twice a year.

Hastings' Seeds 1923 Catalog Free

Write today for Hastings' new 1923 catalog. You will need the information it gives almost daily—the most valuable and useful seed book ever published. It contains 100 pages, picturing and correctly describing the best and most popular vegetables, flowers and farm crops for the South.

How and what to plant in your yard, garden and field for every purpose. How to beat the boll weevil, bean beetle and other pests. LIVESTOCK INDUSTRY ENCOURAGED BY CLUB AT FRIDAY MEETING

COMING FAIR AND EXHIBIT DISCUSSED AND BETTER LIVESTOCK IS URGED.

The coming livestock, poultry show and fair, was given full discussion at the Friday night meeting of the Commercial Club, and it was ordered that the committee appointed bring the plans before the club at the next regular meeting.

Attention of the members was also directed to the coming annual banquet of the Club to be held on March 27 at which Hon. Lee J. Rountree, editor of the Bryan Eagle and representative from Brazos county, will address the members.

Following are the minutes of the meeting:

The Cameron Commercial Club met in directors session Friday night, March 9, with a good attendance.

Minutes of the last meeting were read and approved.

Dan Tyson, captain of the publicity team, said that the Santa Fe exhibition train that was to appear in Cameron Tuesday morning, March 13, had been well advertised by circulars and ads in the local papers.

The secretary read a letter from T. S. Henderson, calling attention to the Reasonover Breeding Barn in Cameron that was not receiving the support of public sentiment it deserved. Mr. Henderson decried the fact that there "is a rather scant supply of farm stock, consisting mainly of mules, most of which are old and will soon be useless." Continuing he said, "The deficiency in such stock is supplied by shipping in farm mules raised in other parts of the country, and our information is that such breeding neglected in all sections of the state." Referring to young people, he said; "Our young men and ladies are becoming callow and soft, and are being spoken of as lizards and flappers, preferring the langor and ease of the automobile to graceful and stimulating horsemanship." With reference to Mr. Reosonaver's enterprise, he declared that "while it is not proper for this club to espouse the individual business of any man generally, there are times when we ought to see to it that every legitimate business in the city is welcomed and encouraged. This man's business is of great interest and importance to the community at large, and we could render no better service to the stock raising industry of our county than to give him our approval and good will."

It was moved and passed that the Cameron Commercial Club approve Mr. Henderson's report, which represented the spirit and sentiments of the organization, and that the secretary write Mr. Reasonover to this effect, expressing felicitations and good will.

W. G. Gillis of the good roads committee said that the meeting to be held in Thorndale Thursday in the interest of better roads for that section of the county, had been postponed to a more favorable time. He further said that County Engineer Mitchell had delivered to Robt. McLane all necessary information regarding the building of the Jones Prairie road. The probable cost of building the road will be $4,500 according to Mr. Mitchell's statement.

T. S. Henderson, Jr., stated that each summer a goodwill committee went from the United States to France, pointing out that the delegates were selected in a voting contest. Mrs. Fisher, he said, was in charge of the selling of the votes in Cameron, and asked that the club endorse her work in gehalf of devassated France. Amotion prevailed to the effect that the club endorse this movement.

A very interesting and eloquent letter was read from Mayor J. B. White, who is secretary of the Milam County Purebred Livestock and Poultry Association, focusing attention of the club upon the matter of providing facilities in Cameron for a livestock show and fair. In order to accomplish this according to Mr. White, "the plan that is encouraged by the producers is that which provides for the organization of a stock company, the stock to be subscribed both by stockmen, poultrymen, and the business men, the capital to be employed in buying a site, building a race track and providing for housing and other necessary facilities." Continuing, he said: "When we consider that Milam county livestock and poultry have taken prizes at every important exhibit in Texas, the desire to encourage them should be uppermost in the minds of thinking business men."

The club referred this splendid article to the fair committee, suggesting that this committee, with the aid of the livestock and poultry association, meet and devise the matter in tangible shape of having the fair, and report back to the Commercial Club.

It was reported that the sale of tickets for the club's banquet to be held on March 7 would begin immediatey, and that Hon. Lee J. Rountree, an abe orator and statesman, would address the ilub at this time.

W. M. Cobb, the offirial adjohrner, was heard from, and the rlub adjourned.

THE OPTIMIST.

I'll live in the moment that's passing.
And not in the day that's to be:
For that is the way the wind blows,
And I'll be just as free.
I'll laugh when the mood is upon me,
And praise while the heart is aflame;
For that is the way the bird sings,
And I'll do just the same.
To give while the need is most pressing,
To cheer while the spirit is high:
That is the way the flowers bloom,
And no better way know I.

SHERIFF'S SALE.

THE STATE OF TEXAS
County of Milam.

By virtue of a certain Order of Sale issued out of the Honorable District Court of Milam county, on the 6th day of March 1923, by Perm Wolf, Clerk of said Court against C. D. McCall for the sum of Seven Hundred Fifty-one and 68-100 ($751.68) Dollars and costs of suit, in cause No. 8711 in said Court, styled Temple Truck Company versus C. D. McCall et al, and placed in my hands for service, I Drue S. Rogers, as Sheriff of Milam county, Texas, did on the 6th day of March 1923 levy on certain Real Estate, situated in Milam county, described as follows, to-wit:

All of the right, title and interest of said C. D. McCall in and to 227-3-10 acres of land out of the George Lee 1280 acre survey in Milam county, Texas, known as the F. M. McCall home place, located about six miles north of Cameron and about one-half mile west of Walkers Creek church, the interest of said C. D. McCall being an undivided one-eighteenth interest; and levied upon as the property of said C. D. McCall and on Tuesday, the 3rd day of April, 1923 at the Court House door of Milam county, in the City of Cameron, Texas, between the hours of ten a. m. and four p. m. I will sell said land at public vendue, for cash, to the highest bidder, as the property of said C. D. McCall, by virtue of said levy and said Order of Sale.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Cameron Herald a newspaper published in Milam county.

Witness my hand, this 7th day of March 1923.

45-3t DRUE S. ROGERS,
Sheriff of Milam County, Texas.

LEGISLATURE IS CALLED INTO EXTRA SESSION MARCH 15

REMOVAL OF OFFICERS AND PROHIBITION LEGISLATION SOUGHT.

Austin, March 10.—Governor Neff at noon Saturday issued a proclamation calling the Legislature to meet in special session on next Thursday morning, March 15, to consider four specific subjects. They are: The general appropriations bill, adequate appropriations for the schools, the officers' removal or quo warranto bill and proposed amendments in the Dean liquor law to make the act more effective.

This is the text of the Governor's proclamation:

Whereas, the regular session of the Thirty-eigth Legislature, according to resolution heretofore adopted, will adjourn Wednesday, March 14, without making appropriation for the operating expenses of the Texas Government and her institutions, and,

Whereas, it now seems apparent that revenue measures providing adequate funds for the proper support and maintenance of our public schools and eleemosynary institutions, for the coming two years, will not be enacted in to laws; and,

Whereas, on yesterday the Texas Senate smothered to death a bill providing that the courts of this country be vested with authority to remove from office an officer against whom it had been proven in open court and before a jury that he had wilfully and corruptly failed and refused to enforce the laws of the country; and,

Whereas, the Texas Senate has so far failed to pass on the House bill which has been on its calendar for some days, providing an effective method of punishing outlaws who openly and unfearingly manufacture and sell whisky in Texas; and,

Whereas, there are some real constructive legislative measures that ought to be enacted into laws for the growth and on-going of Texas which have not yet been passed.

Now, therefore, I, Pat M. Neff, Governor of the State of Texas, by virtue of the authority vested in me by the Constitution of the State of Texas, in article 4, section 8, do hereby call the Thirty-eighth Legislature in extraordinary session to convene in the City of Austin, Texas, at 10 o'clock Thursday morning, March 15, A. D. 1923, for the following purposes, to-wit:

First—To provide sufficient funds by every means known to the Constitution and statutes of Texas to properly maintain our public schools, our eleemosynary asylums, our Government and all her institutions.

Second—To make appropriations within the available revenue for the support and maintenance of our schools, our State elemosynary institutions and the Texas Government.

Third—To vest the court of Texas with effective authority to remove from office any officer against whom it can be proven in open court and before a jury, that such officer has wilfully and corruptly failed and refused to enforce, as he took an oath to enforce, the laws of the country.

Fourth—To pass such laws as will make effective the provisions of the Federal Constitution and the provisions of the Texas Constitution which prohibit the manufacture and the sale of intoxicating beverages.

Fifth—To consider and act upon such matters of vital constructive importance as may be presented by the Governor pursuant to section 40, article 3, of the Constitution of Texas.

In testimony whereof, I have hereunto signed my name officially and caused to be impressed hereon the seal of the State, at the City of Austin Texas, this, the 10th day of March, A. D. 1923.

PAT M. NEFF, Governor.

The action of the Governor in immediately recalling the Legislature to meet in special session caused considerable surprise among the members, who were already preparing to leave for home Saturday night. The immediate recall does not seem to meet with the approval of a large percentage of the members and this may result in an effort to adjourn the regular session earlier than next Wednesday at noon.

It is understood an effort may be made late today to reconsider the sine die adpournment resolution and change the date so as to provide for final adjournment on either Saturday night of next Monday at noon.

From the Governor's proclamation it is evident the Governor means for the Legislature to pass his quo warranto bill and also tighten the dean liquor law.

UNPAID POLL TAX IS LIEN AGAINST HOME RULING FOR WOMEN.

Fort Worth, Texas, March 12.—Refusal of a woman to pay her poll tax places a lien in favor of the State of Texas against her community property, according to an opinion handed down Saturday by the Second Court of Civil Appeals in a case that was appealed from the District Court at Weatherford.

During the last year in Parker and many other counties, the poll tax was assessed against women who owned property with their husbands. This was done in Tarrant county and the assessments resulted in several thousand women paying their poll tax who in the past did not pay them.

The appeal that resulted in Saturday's decision was in a mandamus suit brought by Mr. and Mrs. J. B. Stuart of Weatherford against Mrs. Jessie M. Thompson, tax collector of Parker county.

According to record of the case, Mrs. Stuart informed the tax collector she did not want to vote and did not, want to pay her poll tax. However, both she and her husband had been assessed the $1.75 each for the poll tax. Stuart then presented to the tax collector the amount of tax due on the property and also the $1.75 for his own poll tax. The collector, the records state, refused to accept any of the money unless the amount for Mrs. Stuart's poll tax was included.

Stuart then deposited the money for his property tax and his poll tax and filed a mandamus suit, asking that a writ be issued to compel the collector to accept the money and to issue him a tax receipt.

The judge of the district court denied the application for the writ of mandamus and the appeal was taken by Mr. and Mrs. Stuart. The action of the district court was affirmed in Saturday's decision by the higher courts. It was the first time that the question had been decided by an appellate court in Texas.

J. B. SNEED FORMER RESIDENT OF MILAM SHOOTS PADUCAH MAN

WAS REARED AT JONES PRAIRIE —PHILLIP SNEED KILLED NEAR CAMERON.

Paducah, March 7.—J. B. Sneed, who was tried and acquitted more than 10 years ago for the killing of A. G. Boyce and his son, Al Boyce, this morning was arrested after he had shot C. B. Berry on the streets here. Several shots were fired by Sneed, the bullets taking effect in Berry's left arm ans right leg. He ran into Robertson's dry goods store following the shooting and it is expected that he will recover. While the exact cause of the shooting has not been ascertained, it is believed to have been the result of the killing several months ago of Wood Barton, Sneed's son-in-law, by Berry. The latter has been taken to a hospital and Sneed surrendered to the sheriff.

The Sneed-Boyce tragedies more than 10 years ago attracted national interest, furnishing many sensational angles. First, Sneed shot and killed A. G. Boyce in the lobby of the Metropolitan Hotel in Fort Worth. A short time later he killed Al Boyce in Amerillo.

It was alleged by Sneed that the elder Boyce conspired with the younger Boyce in the latter's effort to win Sneed's wife away from him. It was shown by evidence at the trial in Fort Worth that young Boyce and Mrs. Sneed eloped together, going first to Fort Worth, then on to St. Louis, St. Paul and up to Winnipeg, Canada. Sneed pursued the pair.

Mrs. Sneed was reunited with her husband following the Fort Worth tragedy and testified in his behalf. The killing of the younger Boyce followed in Amarillo, he being slain on the street close to a church.

Sneed is now 46 or 47 years old. Both the Sneed and the Boyce families were prosperous ranchers and Sneed occupied a fine residence at Amarillo, although his ranch is a few miles from Paducah. Following the two tragedies Sneed removed for a time to Calvert, Texas. At the time of the killings his two daughters were both hardly in their early teens. The Fort Worth trial was sensational in extreme, the defense playing its best card when it produced the famous "stand hitched" letters, alleged to have been written by the elder Boyce, advising Al that he, the father, would stand by his son if he remained with Mrs. Sneed.

During the Fort Worth trial one of the Boyce brothers moved to attack W. P. McLean, Jr., one of the defense counsel but was restrained. Following the killing of the elder Boyce, Sneed was allowed bail in the sum of $35,000. He is a man of small stature, quiet and reserved.

For the trial in the Al Boyce case, Sneed was given a change of venue from Amarillo to Vernon, where he was acquitted after a trial lasting eight, days. Little has been heard of Sneed since the two trials.

J. B. Sneed was born in Milam county, his family having resided at Jones Prairie for many years. He is a brother of Phillip Sneed who was killed in an automobile accident near Salem church curve last summer while on a visit to Cameron looking after property interests near this city.

Young Sneed was found at night pinned under his automobile which had been overturned while rounding the curve. There were no eye witnesses to the accident. A dog accompanying Sneed stayed with his master and attracted a passing motorist. The wounded man was picked up and taken to the Cameron Hospital where he died the following day. The body was removed to the residence of Dan Tyson, a cousin of Phillip and J. B. Sneed, and the following day was carried to Georgetown where he was buried by the Masons.

TWO ARE HELPED IN SAME FAMILY

"For the first time in three years I can enjoy a hearty meal without suffering afterwards. All the thanks belongs to Tanlac, and I cannot say too much in praise of this wonderful medicine, as not only myself but my daughter has been greatly benefited by it." This grateful statement was made the other day by Mrs. E. J. Lee, of Arcadia, Okla.

'Before I got Tanlac, indigestion wouldn't let me eat, excited nerves wouldn't let me sleep. I suffered severe headaches and dizzy spells and my kidneys bothered me a great deal. My food soured and gas pressed on my heart and chest till I could hardly get my breath. I was always tired out and so run-down that at times I was just about helpless.

"My troubles began to leave me on my first bottle of Tanlac, and now I am feeling like a new person, free from indigestion, my nerves steady and able to get plenty of restful sleep. The Tanlac treatment is simply wonderful."

Tanlac is for sale by all good druggists. Over 35-million bottles sold.

DANGER IN DELAY

Kidney Disease are to daugerous for Cameron People to neglect.

The great danger of kidney troubles is that they so often get a firm hold before the sufferer recognizes them. Health will be gradually undermined. Backache, headache, nervousness, lameness, soreness, lumbago, urinary troubles, dropsy, gravel and bright's disease may follow as the kidneys get worse. Don't neglect your kidneys. Help the kidneys with Doan's Kidney Pills, which are so strongly recommended right here in Cameron.

T. F. Weaver, Box 423, Cameron says: "I have used Doan's Kidney Pills off and on for some time and they have never failed to give me good results. At times I have had slight attacks of backache and the action annoyed me. Doan's Kidney Pills always gave me the desired results when I used them for these attacks. I keep Doan's on hand and recommend them as a kidney remedy of merit."

LITTELL'S LIQUID SULPHUR COMPOUND

It is a powerful and scientific combination of sulphur and other healing agents for the relief and cure of diseases of the skin. It is especially effective in the ITCHING VARIETIES; giving instant relief from the itching and smarting sensations and by its germ-destroying properties it exterminates the microbe which is the cause of the eruption, thus curing the disease completely.

Littell's Liquid Sulphur Compound is used in all cases of Eczema, Tetter, Barber's Itch, Psoriasis, Herpes, Rash, Oak and Ivy Poisoning, also for relieving the annoyance caused by chiggers and mosquito bites.

In the treatment of ECZEMA —the most painful and obstinate of all skin diseases—it is one of the most successful remedies known.

JAMES F. BALLARD, Prop. St. Louis, MO.

"Slimy Taste"

"When I feel stupid, get constipated, or bilious, I take a good dose or two of Black-Draught and it sets me straight," writes Mr. George B. Haislep, of R. F. D. 2, Columbia, S. C. "It cleanses the liver and I feel all right, and have not used any other medicine as I do not see the need of it. I am a guard at the State Reformatory, and have been for three or more years. When I first heard of

BLACK-DRAUGHT

Liver Medicine

and the good medicine it was, I had been having a tired feeling when I'd get up in the morning. I would be stiff and sore, and had a slimy, bad taste in my mouth, but didn't think so much of it till I began to feel stupid and didn't feel like eating—then I knew I needed medicine. It was then I began Black-Draught, and I felt all made over, ready for any kind of work, ready to eat and sleep. So, for any return of this trouble, I take Black-Draught, and for 25 years it has been my medicine, and I wouldn't be without it at all. My work is constant. I am on my feet a lot. I am out of doors, and fresh air and Black-Draught are all the medicines I need. I recommend it to others for I know it is good."

BE PRETTY! TURN GRAY HAIR DARK

Look Young! Nobody can tell if you use Grandmother's simple recipe of Sage Tea and Sulphur

Almost every one knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago, the only way to get this mixture was to make it at home, which is mussy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, at a small cost.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two your hair becomes beautifully dark, glossy and attractive.

J. D. DOBBINS

Are the basis of comparison with the Grocery Buying people of Cameron. When Dobbins names a price our patrons are sure that it represents both good value and true economy—Other merchants imitate Dobbins at times, on a few items and then on the large remainder of their stock charge more. HUNDREDS VISIT SANTA FE EXHIBIT TRAIN TUESDAY

LIVESTOCK AND FARM PRODUCTS SHOWN IN CONJUNCTION WITH A. & M.

Hundreds from all over Milam county were in Cameron Tuesday morning to see the Santa Fe Railroad Cow, Sow and Hen train which carried livestock and farm products exhibits in conjunction with the Agricultural and Mechanical College of Texas.

The train had been advertised by the Commercial Club and this coupled with the wide interest in the county in livestock and poultry brought a large attendance of farmers, the particular class of people sought to be reached by these exhibits.

EVANS HITS THE BALL.

Livestock farming should be looked upon largely as a means of guaranteeing at home a satisfactory market for crops most easily grown in any particular section of Texas, according to C. M. Evans, livestock and dairy extension specialist at the A. and M. College, who delivered the first lecture at the meeting here. "Livestock farming," he said "makes possible the utilization of by-products, such as stalk fields that might otherwise go to waste. It is also a means of using efficiently the available labor throughout the year.

"People who live on specialized farms, such as those devoted entirely to cotton or grain, work only a part of the year; while on stock farms, there is something for every member of the family to do every day in theyear. Naturally, a steady job pays better than an irregular job. Therefore, investigation indicates that stock farms, properly managed are the most profitable. Livestock farming increases production because fertility is added to the soil from barnyard manure, which is the most ideal fertilizer yet devised."

It is not desirable that Texas farmers should specialize in stock farming to the exclusion of everything else, the speaker emphatized, but every farm should be sufficiently diversified with crops, livestock, etc., to insure a well balanced business with a steady and regular income and a constantly improving soil fertility. Practicially every part of Texas is adapted to some type of livestock production, so that every person should thorougly inform himself with reference to the different phases and select that type of animal best suited to his personal fancy, and his local soil and market conditions.

"This train," Mr. Evans said, "brings to you examples of what other Texas farmers are doing. The Santa Fe railroad and the A. and M. college simply submit these demonstrations for the farmer's consideration. They offer one piece of general advice, and that is: Do not match your time against a scrub.

"Dairying is the steadiest job in the world, and therefore, on the average is the best paying type of farming for those who manage it properly. It furnishes light work for every member of the family every day. It furnishes a relief from the credit system because it brings a regular weekly or monthly cash income, from which operating expenses may be defrayed so that any cash crop sales at the end of the year may be added to the savings account.

"The requisites for successful dairying are: (1) good cows, (2) proper feeding and management, (3) sensible marketing of the product. Good cows may be selected from any of the regular dairy broods that suit the fancy, but they must be heavy producers to return a profit. A cow that will produce 600 pounds of butter in a year will make more profit than 20 cows producing 150 pounds of butter in a year, with considerably less labor.

"The difference between profit and los is often determined by the intelligent mixing of a balanced ration. The dairy cow is a high geared machine and will not run in low gear profitably."

E. M. Regenbrecht, swine husbandman at the college, gave the pig a particularly good send off. "The pig" he said, " is the only farm crop that can be produced twice each year, and he is the only crop that can be produced and marketed all in six to eight months. Any good brood sow can have 16 to 20 pigs per year; this means 1600 to 2000 per cent increase per year.

"Two of the greatest drawbacks to farming are lack of capital for economic operations and slow turn-overs. The big type prolific sow of today can do much to overcome these two handicaps. No other line of livestock farming can be brought so quickly to profitable production with so limited an amount of capital invested in stock and equipment as the production of meat from the pig. This fact makes pork production attractive on practically all farms, large or small.

"Success in pig raising cannot come from the use of scrub boars and common place or 'cold blooded' sows. The Golden Text for successful pig production is: Breed right, feed right, care for right, market right.

Mr. Ward pointed out that farmers who own herds of common hogs for pork production have been aroused by the hard jolt given them by the United States Department of Agriculture in the announcement that pure bred hogs have an earning capacity for pork production of 38 per cent greater than common or scrub hogs.

Purebred hogs of today are a type adapted to making the greatest gains in the least number of days and at the same time meet the market requirements, Mr. Ward insisted. There is no standard breed of hogs from which market toppers cannot be raised, he asserted.

No farm animal can manufacture as much meat from a given quantity of feedstuffs as the pig, provided the feeds are not too bulky, Mr. Ward said in conclusion.

The last lecture was E. O. Edson, poultry husbandman at the college. He said that the poultry business, if started on a sound basis, generally is a thriving business; at least a small plant in connection with general farming can be made a very profitable side line, it is a fact that a small investment in connection with the farm equipment for poultry production has given larger returns than most any other line of farming, the speaker contended.

"Good birds, given proper houses, a balanced ration, with plenty of fresh water, grit, oystershell, etc., and houses kept clean and sanitary at all times with plenty of sunshine and fresh air, will prove profitable producers in the poultry business." Mr. Edson said. This holds true either as a side line or on the commercial plant.

Mr. Edson told of numerous instances in which a flock of good hens on the farm had saved the day for the farmer's family when crops had failed. He expressed the hope that the day would come when it would be impossible to find a Texas farm without a good poultry yard.

YOUNG LADY! YOUNG MAN!

It is just as important to be able to take care of your money after you get it as it is to be able to get it. We had a great time while it lasted. We made more money in 1919 and 1920 than ever before in our lives. We spent it with recklessness that always follows "easy money." We brought things we didn't need, generally going into debt for them, and paid prices entirely beyond reason. We loaded ourselves up with things we coudn't use, and debts we couldn't pay. During 1922, we struggled to get out our bad situation. We fought hard, and the fight is over and better times are here. Every great authority on business says that we are getting back to normal.

Capital in this country is seeking investment, and when money is at work, prosperity follows because money at work means industrial activity and industrial activity means large buying power on the part of working people. Beyond question, prosperity is with us, and wise people, both young and old get ready for it. New oil fields are being developed every day right in our midst. Building is going on everywhere. Charters are being issued for large corporations. The tomato, berry fruit and many other valuable crops will be money in a short time. The cotton market is better than it has been for several years. Every young man and woman ought to know that the big opportunities in prosperous times go to those who are best trained to serve them. Business traning makes the difference between small earning power and large earning power.

We are entering a period in which a thorough business education is more necessary than ever. You must have some special ability you can offer that will enable you to put it over. You must also get your training as soon as possible and in a thorough and practical manner.

The Tyler Commercial College, Tyler, Texas, the largest and most progressive Commercial school in the country, located in the most healthful part of the state, being the highest point between the Red River and the Gulf, is ready at all times to give you a thorough business education. You can't afford not to investigate our courses of General Secretarial, General Business, General Banking, General Railroad, Bookkeeping, Business Finance, Shorthand, Cotton, Telegraphy, Radio and Civil Service. The only school in the South giving seven complete business courses. Fill in and mail coupon for large free catalogue.

To Stop a Cough Quick

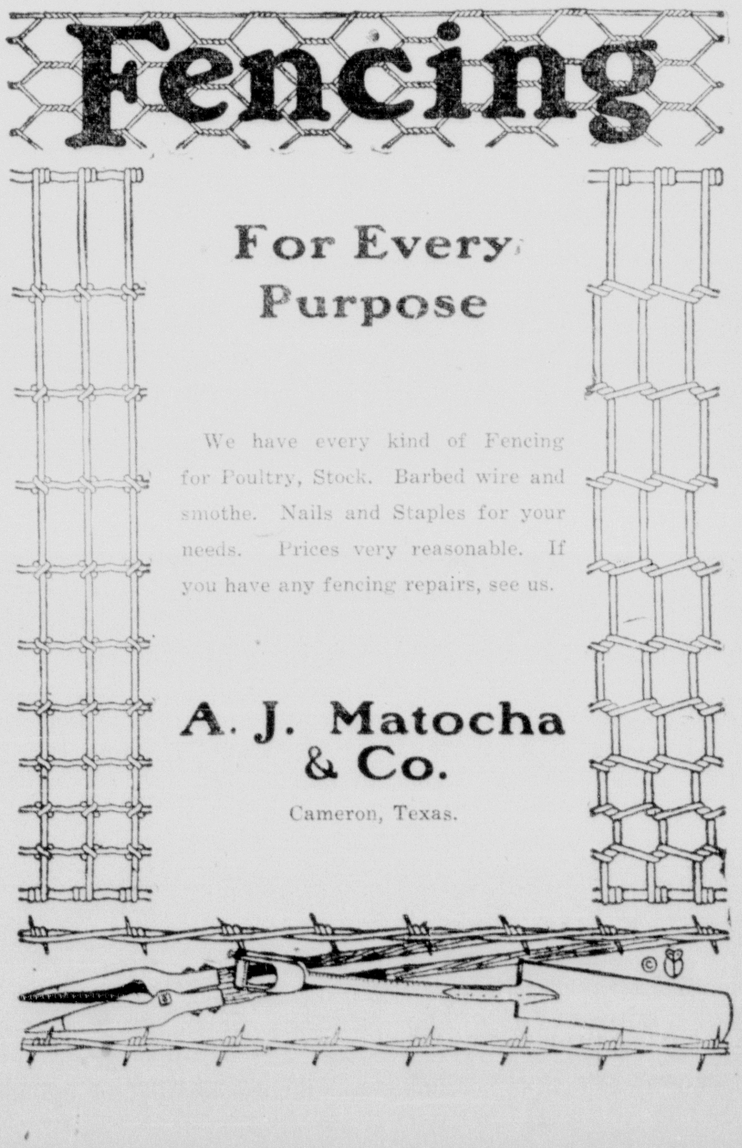
take HAYES' HEALING HONEY, a cough medicine which stops the cough by healing the inflamed and irritated tissues.

A box of GROVE'S O-PEN-TRATE SALVE for Chest Colds, Head Colds and Croup is enclosed with every bottle of HAYES' HEALING HONEY. The salve should be rubbed on the chest and throat of children suffering from a Cold or Croup.

The healing effect of Hayes' Healing Honey inside the throat combined with the healing effect of Grove's O-Pen-Trate Salve through the pores of the skin soon stops a cough.

Both remedies are packed in one carton and the cost of the combined treatment is 35c.

Just ask your druggist for HAYES' HEALING HONEY.



Fencing
For Every Purpose
We have every kind of Fencing for Poultry, Stock. Barbed wire and smothe. Nails and Staples for your needs. Prices very reasonable. If you have any fencing repairs, see us.

REACH AGREEMENT ON DIPPING CATTLE

COUNTIES UNABLE TO CARRY ON WORK TO BE GIVEN AID BY COMMISSION

The Herald has received from Representative O. D. Baker at Austin the following agreement entered into with the Livestock Sanitary Commission with reference to those counties where the counties are unable to carry on the work, setting out the conditions under which the work will be carried on.

The Livestock Sanitary Commission agrees that from quarantine counties in East Texas unable to carry on systematic dipping through lack of sysbut which will provide for the salaries of a sufficient number of Inspectors, said Inspectors to be appointed by the subject to discharge by the same body Live stock Sanitary Commission and and which will also provide the proper facilities, consisting of exposed and clean pens at shipping points with a vat in connection, of sufficient length to meet the requirements of the said Livestock Sanitary Commission, the vat to be placed in such a position so that there will be no exposure between said vat and the clean pens after cattle are dipped, that they will allow the movement of cattle from such shipping points to any point in Texas. We agree to appoint Inspectors from the respective counties affected hereby, to assist the one State Inspector. This agreement holds for two years from date provided sufficient appropriations are made.

An affidavit executed by County Judge, and two Commissioners, or three Commissioners, to the effect that such county is financially unable to carry on work, shall be conclusive evidence of the the inability of such county to carry on systematic dipping.

(Signed)

J. E. BOOG-SCOTT,
PAUL L. SMITH,
JAMES B. MURRAH,
Livestock Sanitary Commission of Texas.

BOOG-SCOTT DECLARES EAST TEXAS SOON TO ERADICATE TICKS.

Fort Worth, Texas, March 12.—East Texas will do the best job of fever tick eradication in its history, in the opinion of 10 supervision inspectors of the Livestock Sanitary Commission of Texas, who were in Fort Worth Saturday for a conference with J. E. Boog-Scott, Chairman of the Commission. Boog-Scott returned to headquarters of the Commission here Saturday from Sweetwater and Amarillo.

The season for tick eradication which will open in a few days in full blast, probably will see the quarantine line pushed far back into Southwest Texas, it was declared at the conference which was devoted to a discussion of problems of East Texas. it was declared at the conference which was devoted to a discussion of problems of East Texas. Each inspector presented his particular problems for consideration by the Chairman and other inspectors.

Paul L. Smith of Gilmer, member of the Commission and Olin Graves, chief inspector, also attended the conference. Graves declared that the men were found to be fully capable of handling the work in their respective territories and that they were thoroughly experienced in the tick eradication work. The whole session, he said was marked with enthusiasm.

Those here for the conference were: W. J. Fortenberry, Corsicana; James T. Booth, Palestine; J. P. McIver, Center; A. B. Tumlin, Nacogdoches; Aubrey McLelland, Palestine; R. W. Williams, Rusk; R. J. Smith, Henderson; R. C. Mosley, Marshall; H. E. Hendrix, Athens; John R. Turlington, Paris and C. L. Littlepage, Greenville.

Respectfully,
JIM F. CHADWICK,
County Superintendent Milam County

TOO MUCH LAW

An organization of eminent lawyers formed "to promote the clarification and simplification of the law and its better adaptation to special needs, and to secure the better administration of justice and to encourage and carry on scholarly and scientific legal work," has been formed at a meeting held in Washington, D. C., which was attended by four hundred of the leading jurists of the country.

Former Director of the Budget Dawes says the country is tired of rule by organized minorities which thwart the will of the unorganized majority.

The Right Reverend Thomas F. Gailor, Bishop of Tennessee, lays at the door of the "reformer" much of the disrespect of law, of which the country complains, and says that laws which restrict personal freedom and make crimes of natural acts cause contempt of courts.

Evidently something is wrong! When the lawyer, the laymen, and the churchman all agree that something is awry in our legal structure, something probably is!

One man's guess is a good an another's as to what; but there is a decided undercurrent of belief in many quarters that one of our troubles, if not the cause of all our tangles, is too much law; too much adding statute to statute, regulation to regulation, practice to practice, without any clearing out of the dead wood of old and worn out ideas.

There are even those who say that much legal trouble is caused by lawyers; there is too much reverence for tradition and precedent, and not enough common sense, and therefore not enough exvedition in law processes.

That the lawyers themselves are forming an association to investigate and initiate reforms is comforting; that they may have the vision to call to their aid some common sense viewpoints from laymen and churchmen, for whom the laws are made, is devoutly to be hoped.

IF BILIOUS, SICK! TAKE NO CALOMEL

"Dodson's Liver Tone" Straightens You Up Better Than Salivating, Dangerous Calomel and Doesn't Upset You—Don't Lose a Day's Work—Read Guarantee

You're bilious! Your liver is sluggish! You feel lazy, dizzy and all knocked out. Your head is dull, your tongue is coated; baeath bad; stomach sour and bowels constipated. But don't take salivating calomel. It makes you sick, you may lose a day's work.

Calomel is mercury or quicksilver which causes necrosis of the bones. Calomel crashes into sour bile like dynamite, breaking it up. That's when you feel that awful nausea and cramping.

If you want to enjoy the nicest, gentlest liver and bowel cleansing you ever experienced just take a spoonful of harmless Dodson's Liver Tone tonight. Your druggist or dealer sells you a bottle of Dodson's Liver Tone for a few cents under my personal money-back guarantee that one spoonful will clean your sldggish liver better than a dose of nasty calomel and that it won't make you sick.

Dodson's Liver Tone is real liver medicine. You'll know it next morning because you will wake up feeling fine, your liver will be working, your headache and dizziness gone, your stomash will be sweet and your bowels regular. You will feel like working; you'll be cheerful; full of vigor and ambition.

Dodson's Liver Tone is entirely vegetable, therefore harmless and can not salivate. Give it to your ihildren.

Rev. Ira F. Key who has been holding a meeting at Bay City for the past two weeks will be home to fill the pulpit Sunday morning, next.

BOOG-SCOTT DECLARES EAST TEXAS SOON TO ERADICATE TICKS.

Fort Worth, Texas, March 12.—East Texas will do the best job of fever tick eradication in its history, in the opinion of 10 supervision inspectors of the Livestock Sanitary Commission of Texas, who were in Fort Worth Saturday for a conference with J. E. Boog-Scott, Chairman of the Commission. Boog-Scott returned to headquarters of the Commission here Saturday from Sweetwater and Amarillo.

The season for tick eradication which will open in a few days in full blast, probably will see the quarantine line pushed far back into Southwest Texas, it was declared at the conference which was devoted to a discussion of problems of East Texas. it was declared at the conference which was devoted to a discussion of problems of East Texas. Each inspector presented his particular problems for consideration by the Chairman and other inspectors.

Paul L. Smith of Gilmer, member of the Commission and Olin Graves, chief inspector, also attended the conference. Graves declared that the men were found to be fully capable of handling the work in their respective territories and that they were thoroughly experienced in the tick eradication work. The whole session, he said was marked with enthusiasm.

Those here for the conference were: W. J. Fortenberry, Corsicana; James T. Booth, Palestine; J. P. Melver, Center; A. B. Tumlin, Nacogdoches; Aubrey McLelland, Palestine; R. W. Williams, Rusk; R. J. Smith, Henderson; R. C. Mosley, Marshall; H. E. Hendrix, Athens; John R. Turlington, Paris and C. L. Littlepage, Greenville.

NOSE CLOGGED FROM A COLD OR CATARRH

Apply Cream in Nostrils To Open Up Air Passages.

Ah! What relief! Your clogged nostrils open right up, the air passages of your head are clear and you can breathe freely. No more hawking, snuffling, mucous discharge, headache, dryness—no struggling for breath at night, your cold or catarrh is gone.

Don't stay stuffed up! Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic cream in your nostrils, let it penetrate through every air passage of the head; soothe and heal the swollen, inflamed mucous membrane, giving you instant relief. Ely's Cream Balm is just what every cold and catarrh sufferer has been seeking. It's just splendid.

Lost your appetite? Take Ironized Yeast and if appetite doesn't improve in three days, come get your money back. Jackson & Read Drug Co. (H)

SPRINGS A-COMING.

Mocking birds again are singing,
Blushing roses sweetly swinging
In the balmy perfumed air;
Drowsy bees begin their humming,
And we know that spring's a-coming—
Nature's smiling everywhere.
Nature decked all in its glory
Seems to teach that matchless story
Of our youthful happy days;
Hope and love seem fresher, brighter,
Sorrows vanished, joys all lighter
Down fond mem'ry's misty ways.
Pleasant mem'ries come a-thronging,
Fill our hearts with ardent longing
For the joys of long ago;
Fill our souls with ceaseless wishing,
Make us want to go a-fishing
In the creek we used to know.
Near to nature's new life thriving,
Back from death each thing reviving,
And his form with dust has blended,
When man's changeful course has ended,
Comes this soulful deep reflection;
Then shall come his resurrection.

PRESBYTERIAN AUXILIARY.

The ladies of the Presbyterian Auxiliary met at the church Monday afternoon for Bible study which was conducted by Mrs. Sam Henderson. After an hour of study they had a business session and wound up the year's work electing new Chairman for the Circles.

Mrs. Earnest Eggert was elected Chaniman for Circle No. 1.

Mrs. H. R. McFadyen, Chaiman of Circle No. 2.

Mrs. N. H. Butts, Chairman of Cirlce No. 3.

The Auxiliary decided to made special effort this year to assist in raising money for their new church building fund. The Auxiliary gave a rising vote of thanks to Mrs. Sam Henderson for her untiring energy in her work for the good of the organization, and expressed deep regret in giving her up; this being the last meeting for Bible study before she leaves for Mount Sterling, North Carolina, where she will go into the Home Missionary Department of the Presbyterian church. She is giving herself to this self-supporting work, and will leave about the first of April. Mrs. Henderson will be greatly missed sociallly and by friends of all denominations, and especially by the members of her church where she has been an active worker since making her home in Cameron.

PRISCILLA CLUB.

Mrs. Lena Baskin was the charming hostess to the Priscilla Club last Thursday afternoon at her pretty home on North Central avenue.

The reception suite presented a real spring setting with its handsome ferns and pot plants placed to advantage, and made an attractive spot for the assembly of a large gathering of enthusiastic needle workers. After an hour of congenial conversation while doing dainty embroidery, the hostess assisted by Mesdames Claude Triggs and Albert Triggs, served an appetizing salad course of chicken salad, fruit salad, butter and bread sandwiches, crackers and hot tea.

Besides the club members there were present Mesdames B. J. Baskin, W. H. Triggs, Wm. Cobb, Delia Kennedy, Hart, of Lampasas, Leland Green, Paul Connoly of Lubbock, H. R. McFadyen and S. R. McCown.

* * *

Heinz sweet mixed pickes in bulk.

Giles L. Avriett.

STROLL PARTY.

Reed Rogers entertained with a stroll party last Friday evening at his parents home, Mr. and Mrs. Wm. R. Rogers on East 11th street.

There were about 24 of the young people to enjoy this evening with Reed. Piano and Edison music furnished diversion for the evening, after which Mrs. Rogers regaled the guests with ice cream and cocanut maccoroons.

* * *

MID-DAY LUNCHEON.

Mrs. Lotta Bigbee gave a mid-day luncheon last Sunday to a number of the teachers of Yoe Hi school. Those present to enjoy this delicious turkey dinner were: Mr. and Mrs. Preston, Misses Isla Read, Ruth Johnson, Virginia Vest and Elizabeth Flake.

* * *

Ferndell, Sun Kist and Del Monte sliced pineapple.

Giles L. Avriett.

* * *

BIRTHDAY PARTY.

Mrs. A. C. Freeman gave a pretty birthday party to her daughter, little Amelia Freeman last Friday afternoon. This little lady was five years old, and entertained about thirty of her little friends.

The home was made more attractive by the pretty pink and white decorations which was carried out in the huge birthday cake which was very attractive with the Lolly-pops surrounding the cake, dressed as little dolls, and were given on to each guest. Five pink burning candles that rested on the cake shed a flickering light upon the scene. Eager eyes watched each little tot as they cut for the emblems. The ring falling to Amelia Freeman; Jane Tyson got the thimble; Katherine McIntosh the anchor; Elizabeth Sprott the crescent; Florence Atkinson the button; Ben Atkinson the sportman's emblem while John Watson and Hillier Thomas both won a dime.

Florence Atkinson, Herbert Freeman and Catherine Atkinson, assisted Mrs. Freeman in serving ice cream cones, and cakes with Easter emblems embossed on same.

The little hostess received many books, handkerchiefs, dolls, beads, hand bags and many gifts that are dear to the heart of the little girl.

* * *

BIRTHDAY PARTY.

Little Hortense Klawansky, the attractive little daughter of Mr. and Mrs. W. Klawansky, entertained a number of members of her little girl friends Monday afternoon at her home on East 11th, street.

This was her natal day and many friends came to help her enjoy the afternoon. Many games were played upon the lawn, and then there were tests as to who could put a tail on Bunny, and guessing at a jar of beans, the prize was won by little Ruth Southwell.

The big birthday cake with its ten pink burning candies presented a pretty sight, with its hidden emblems which fell to the following after the cake was cut: Ring, Cora Barmore; dime, Velma Newton. Ice cream cones were served and a merry time was had by all present. The little hostess received many pretty gifts from her friends who wished for her a brighter happier day the older she grew.

* * *

BAPTIST AUXILIARY

The ladies of the Baptist Auxiliary met in Circles last Monday afternoon.

Circle 1 met with Mrs. Elbert Martin for Bible Study with Mrs. J. M. Ralston as leader. There were eight members persent.

Circle 2 met with Mrs. Ben Bailey, Mrs. Geo. A. Thomas as leader. Eight members were in attendance.

Circle 3 met with Mrs. J. B. White with Mrs. John L. Denson as leader. There were nine members present and three visitors.

Circle 4 met at the church with Miss Clara Thomas as leader. There were five members present. Each circle met for Bible study, which business was taken up and discussed.

* * *

PARENT-TEACHERS ASS'N.

Next Wednesday, March 21st, the Farent-Teachers Association will meet in special session in the auditorium of Yoe-Hi school at 3:45 p. m.

Everybody is urged to be present that can as business of importance will come before the Association.

This is the most important civic organization of our town and its citizens should turn out and help in the movements that will be promoted through its membership, and if not a member, become one at this meeting.

* * *

AUCTION FORTY-TWO PARTY.

Miss Nell Du Bois complimented the "Kameron Kamp Krowd" with an auction forty-two party last Tuesday evening at her home.

St. Patrick colors and emblems were used in decoratins. Tables were covered in green; tally pads were four leaf clover designs. There were seven tables of players. Forty-two favors were Irish flags, Shamrocks and green balloons. Table favors were home-made candy in dainty baskets, and were cut for at the end of the games.

Miss Lucile Dickard assisted the hostess in serving punch, sandwiches and cake. Plate favors were Shamrocks with pipes attached.

Guests other than Kamp Krowd were Misses Lucille Dickard, Roseine Ledbetter, Evelyn Pearl Payne, Elizabeth Camp and Mr. and Mrs. Dick Brewer.

* * *

METHODIST MISSIONARY.

Ladies of the Methodist Auxiliary met Monday afternoon in the church for Mission study, taking up the book "Building with India," Mrs. W. O. Triggs as leader. After the lesson a business session was held, after which Miss Katherine Agee favored them with a vocal solo which was much enjoyed.

Mesdames Mot Mohler, Joe Mohler, Joe Lindsey and Mr. Collier acted as hostesses and served a lovely ice course.

* * *

ST. PATRICK TEA.

There will be a St. Patrick's Tea given by Circle No. 1 of the Methodist ladies at the home of Mrs. Jeff T. Kemp, Friday, March 16th from 4 to 6 p. m. and from 8 to 10 p. m.

Among the interesting features will be a real Blarney Stone. Those who wish to gain wisdom and wit must not fail to kiss this stone. You will also find "Widdey Malone" and her daughter Norie; "Pat O'Riley" the policeman; and "Mrs. Maggie Flannagin."

Every one is cordially invited.

CIVIC LEAGUE ADDRESSES COUNCIL ABOUT BOARD

To the Honorable Mayor and City Council of Cameron:

Gentlemen:

As the time has come for your annual selection of School Trustees, and as you have formerly, very courteously considered our suggestions as to the adoption of the policy of giving women a representation upon the Board, we feel that we may with propriety again offer you the following two suggestions without giving offense to any one.

We have noticed that several times before this, very capable gentelemen have either resigned, or refused to accept a place upon the Board, because of their having relatives upon the teaching force, and they did not wish to serve in violation of the nepotism law. Dr. Denson, we are quite sure, does not wish you to break this wholesome precedent, and inasmuch as he has a blood relative teaching in our schools, will expect some one else to be selected in his place.

Again, Mr. Green, as we all know, is, by the terms of Mrs. Yoe's will, in absolute charge of the estate, and also trustee of the Yoe building and fund. We believe, and respectfully suggest as a proper policy to be adopted, that the office of school trustee should not be united with that of trustee of the Yoe will, in order that the school trustees, in the discharge of their duties of looking after the interests of the school, should not be put in the attitude of overlooking the action of their colleague. Hence, we suggest the selection of some one else in Mr. Green's place.

We frankly make these suggestions to you as a Civic Organization of women, privileged to make them, and only because of our solicitude for our schools; and do not wish to be understood as disparaging the estimable gentlemen whose names we have mentioned, and for whom we entertain the highest respect.

MRS. MORRISON, President.
MRS. GEO. GRAVES, V-Pres.
MRS. WALLACE Sec-Pro-Tem

THE PRESBYTERIAN CHURCH.

There will be the regular services on Sunday at 11 o'clock and 7:30. Preaching by the pastor at each service.

Sunday afternoon there will be made the yearlyy canvass for obtaining pledges for the work for the coming year. A budget of over $6000 for local expenses and missions is before the church. The church as a whole is seeking to raise for benevolences $4,500,000. Our Presbyterey $45,7000. The part assigned the local church is $3,300.

In the examination on the course on the life of Christ which the Sunday school has been studying the past quarter, Miss Mary Walden won first place and Miss Jean McFadyen the second in the Senior section. In the Junior section H. C. McFadyen won first place and Miss Sue Griffin Webb the second.

Mrs. Mary Henderson, who sometime ago offered herself as a whole time worker to the Home Mission Commission Committee, has been assigned to mountain work at Mt. Sterling, N. C. The more honor goes to Mrs. Henderson in that she goes out at her own expense. She will be going to her field of labor the last of March.

H. R. McFADYEN, Pastor.

GIRLS ON A HIKE.

The girls of the Fourth grade in the grammar schools enjoyed a hike last Saturday morning. Miss Annie Lou Baskin acting as chaperone. Those who enjoyed this occasion were Cora Barmore, Margarett Key, Mary McDermott, Margarett McCown, Francis Sharpe, Mildred Reasonover and Hortense Klawansky.

* * *

MUSIC CLUB.

Mesdames Ira F. Key and W. A. Bonds were joint hostess to the Music Club Wednesday afternoon at the Methodist parsonage.

The entire reception suite was thrown into one and jonquils, narcissis and ferns were attractively used in the decoration.

The following program was well rendered:

Subject—Theme with Variations.
Leader—Mrs. F. R. Dunlap.
Paper—Life of Eelman—Mrs. R. P. Jeter.
Piano Solo—Synphonie Etues, Schuman—Mrs. Paul Webb.
Paper—Mendelssohn—Miss Nell Du Bois.
Vocal Solo—Selected—Mrs. J. L. Clinton.

The hostess served a delectable plate salad course consisting of crackers, chicken and lettuce sandwiches, midget pickles, potato chips resting in nests of lettuce and ice tea. Plate favors were Shamrocks.

K. K. K. PARTY LEAVES CHURCH WHEN PASTOR PROTEST—GIFT ACCEPTED

Cleburne, Texas, March 12.—A party of six men wearing the regalia of the Ku Klux Klan filed into the First Christian church Sunday night during the singing at the revival service and handed Chorister Lintt an envelope containing $25 for himself and Evangelist Campbell, who is doing the preaching at the meeting, which has been in progress a week.

The Rev. Sam P. Jones, pastor of the church, arose and said he had no objections to anyone joining the klan, but that the klan members had come into the church without his permission and that he did not approve of it.

The men in the K. K. K. regalia immediately filed out of the church.

Mr. Lintt accepted the money in the envelope. Persons seated near Mr. Lintt declare that he said: "I thank you, gentlemen," when the envelope was tendered him by one of the men in regalia.

"Valspar" stands washing with soap and warm water without injury. Jeter Lumber Co.

Do you tire easily? Underweight? You need Ironized Yeast, the concentrated extract of brewer's yeast in union with iron. Builds firm flesh and rich blood. Recommended and guaranteed by Jackson & Reed Drug Company. (H)

Mrs. J. Coy Williams, wife of Rev. Williams Methodist Minister at Caldwell, was the guest in the home of Mr. and Mrs. W. O. Triggs last Sunday and was on the program Sunday evening at the Missionary meeting which was held at the Methodist church at 7:30 o'clock.
